

2018 - 2019

www.unilasalle.fr

Geological field school in France

Welcome to UniLaSalle, a leading “Grande École”
in Geosciences and Agriculture

ELIGIBILITY

- Third year undergraduate students & senior geology majors

GPA: 2.7 (B)

FRENCH: not required but basic French would be useful

- Limited number of participants
- Students will earn 6 US credits

PROGRAM DATES

Start 14 May 2019

Arrival day on May 14th and beginning of classes on May 15th

Application deadline:

15 February 2019

OBJECTIVES

The department of geology at UniLaSalle offers a unique opportunity for field work in geology in FRANCE. International and French students will have the opportunity to work alongside faculty members, graduate students (peer teaching) and invited specialists. They will experience hands-on geological exploration in small groups.

Extend learning from the classroom to the field in sequence stratigraphy and with a transect of the Alps. The field school will also introduce the participants to cross-cultural management, geological mapping and petrography.

TUITION AND FEES

Tuition fees: 3500 € (waived for exchange students from partner universities)

Logistics fees: 1390 € (subject to change) for exchange and non-exchange students, including:

- **Week 1:** room & board on campus + OW transportation from CDG airport to UniLaSalle on May 14th, 2019: 300 €

- **RT transportation Beauvais field:** 300 €

- **Week 2:** room, board & transportation: 320 € (Free time in Grenoble from May 24th to May 25th : nights and breakfasts are included but not lunches, dinners & personal transportation)

- **Week 3:** room, board & transportation: 420 €

- Non-refundable administration fee: 50 €

Non-refundable cancellation fee after the application deadline: 150 €

Not included in the program costs:

- RT travel from country of origin
- passport/visa fees
- mandatory health and liability insurance coverage
- personal expenses
- lunches, dinners and transportation during your free time in Grenoble on May 24th and 25th

Feedback from Emilie KAVLI

« The Geological Field School was an amazing experience. I got to see some of the most beautiful landscapes that France has to offer : We were given a city tour in Paris and did field work at several localities in the Alps. I became friends with international and French students, and the professors were welcoming and engaging. We were pushed to extend our knowledge and work creatively. I would recommend this field school to anyone interested in a wonderful adventure mixed with geology. »

FIELD SCHOOL PROGRAM

WEEK 1

From May 14th to
May 18th, 2019

**Cross-cultural management,
Geological mapping,
Petrography**

BEAUVAIS CAMPUS

①

WEEK 2

From May 19th to May 23rd, 2019
+ free time in Grenoble
on May 24th and May 25th

Transect of the Alps

FIELD:

5-day field trip,
from Grenoble to Gap

②

WEEK 3

From May 25th to
May 31st, 2019

Sequence Stratigraphy

FIELD:

Tertiary sedimentary series
of Digne-les-Bains

③

Study in France

The « Grandes Ecoles » are unique to France, they were created in the late 18th century in order to offer outstanding scientific education to the country's future engineers. UniLaSalle, founded in 1854, belongs to this tradition by promoting the development of personalities, revealing and developing the talents and abilities. The "Grandes Ecoles" select students for admission based chiefly on national ranking in competitive written and oral exams. In 2013, **more than 150 students are enrolled in the Geology Master level programme** which courses cover four main sectors: **energy resources** (petroleum geosciences), **mineral resources** (mines and quarries), **geological engineering** (geotechnics and natural risks), **water, land and environment** (hydrogeology and industrial risks). UniLaSalle encourages the maintenance of a direct link between student associations and international scientific and professional associations (3 student chapters: AAPG petroleum geologists, SEG economic geologists, SEG exploration geophysicists) on top of multiple student organizations present on campus (UNIRAID, Geotech UniLaSalle, etc).

International relations

UniLaSalle - campus de Beauvais
